

Barbie™

Glam Growth Chart

Use this special chart to keep track of your height.

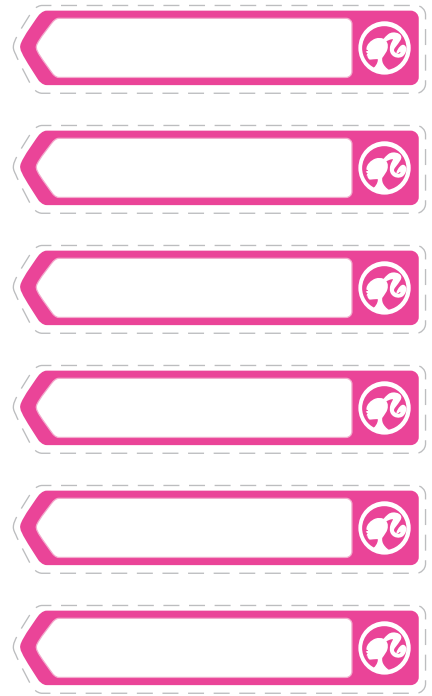

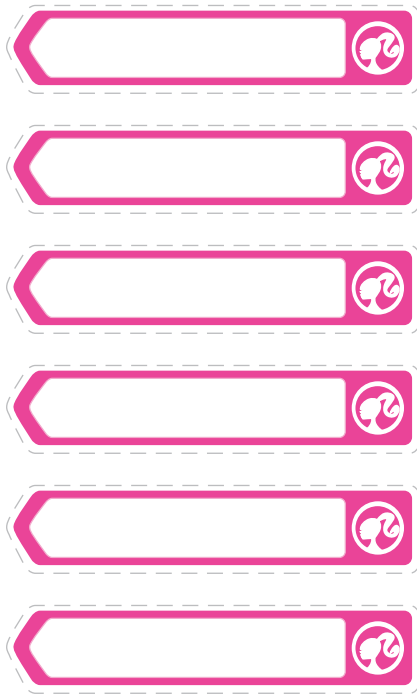

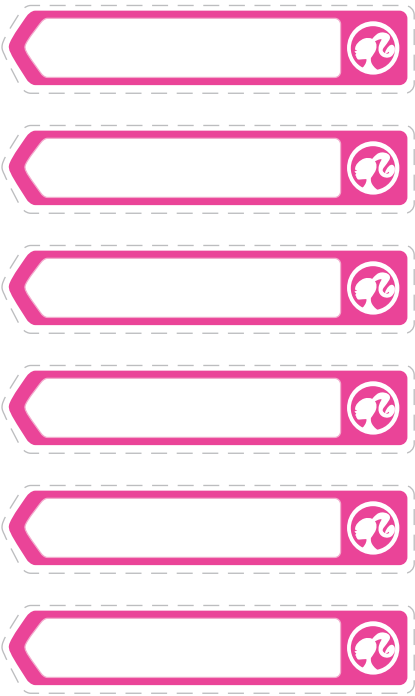

With a grownup's help, cut the pages along the dotted lines, line up and paste to the bottom in number order. Personalize it by writing your name at the top.

Just for fun, you can also measure friends, siblings. And don't forget to put together the mini-chart so you can measure your fave Barbie® dolls!

Stick the growth chart on a wall

Left side labels!
